NAMIBIA - a land of compelling beauty, abundant sunshine, wide horizons, endless stretches of golden sands and seas of red dunes, rocky plains, beaches, nature parks and modern towns. Discover the most remote area with us on one of our exciting camping safaris. It is off the beaten track, and many of the areas visited do not have the infrastructure that the package tourist may require. Our experienced Namibian guides and well-equipped four wheel drive vehicles and equipment promise an unforgettable adventure. The knowledge and expertise of these guides have been invaluable in putting together camping tours, which take you into sometimes desolate and inhospitable terrain.
